

4-Port USB 3.0 Hub - USB-C to 4x USB-A - Bus Powered

Product ID: HB30C4AB

Here's a must-have accessory if you have a USB-C™ equipped computer but need more USB-A ports. This portable USB 3.0 hub expands your laptop or desktop connectivity by adding four USB Type-A ports through a single USB Type-C™ or Thunderbolt™ 3 port. And, because it's USB bus-powered, you don't need to connect an external power adapter, which makes travel more convenient and workstations less cluttered.

Keep using your current peripherals and devices

If you're looking to extend the life of your existing USB-A peripheral devices, then this hub is the perfect solution. By converting your computer's USB-C port into four USB-A ports, you can continue to use all of your existing USB 3.0 devices such as flash drives, external hard drives, and printers (USB 3.0 is also known as USB 3.1 Gen 1). Now you can save money by avoiding the added cost and hassle of purchasing new USB-C equipped peripherals.

Add USB ports, virtually anywhere you go

With its compact and lightweight design, this USB hub is tailored for mobility. You can easily tuck it into your laptop bag when traveling, which makes it easy to expand your connectivity almost anywhere you need to.

Plus, with a small-footprint design the 4-port hub takes up minimal desk space when connected in your work area.

Bus-powered design makes travel more convenient

This versatile USB-C hub is bus-powered, which means it draws its power directly from your computer's USB-C port. This means there are fewer cables to carry with you when you travel because it doesn't need an external power adapter.

Add four USB 3.0 ports in seconds

This USB hub is multi-platform compatible, which means it will work with a wide range of laptops. It also works with a range of operating systems such as Windows®, Mac, Linux® and Chrome OS™. It installs automatically once you connect it to your laptop, so you can be up and running in seconds.

The HB30C4AB is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Turn your computer's USB-C port into four USB 3.0 Type-A ports
- Carry the hub with you while you're traveling, and connect your USB devices wherever you go
- Perfect for home, office, hot-desk, BYOD (Bring Your Own Device), and CYOD (Choose Your Own Device) environments
- Ideal for desktop, laptop, Ultrabook, Chromebook Pixel, and MacBook users who don't have enough USB 3.0 ports available

Features

- A cost-effective way to add four USB-A ports to your computer through a USB-C port
- A small-footprint design that's lightweight and compact, for maximum portability
- USB bus-powered for use with the most common devices, with no external power required for most use cases
- Built-in USB Type-C cable for less clutter
- Universal, multi-platform compatible, with fast and easy installation, and native support in most operating systems (Windows, Mac, Chrome OS, Linux)
- Plug-and-play, and supports hot-swapping or hot-plugging
- Integrated cable features a small and reversible USB-C connector, and it's Thunderbolt 3 data port compatible
- Backward compatible, for use with your older USB 3.0 and 2.0 devices
- Dongle-style USB hub provides three SuperSpeed USB 3.0 (USB 3.1 Gen 1) ports, with throughput support up to 5Gbps

Hardware	Warranty	2 Years
	Bus Type	USB 3.0
	Chipset ID	VIA/VLI - VL812
	Fast-Charge Port(s)	No
	Industry Standards	USB 3.0 - Backward compatible with USB 2.0 and 1.1
	Interface	USB 3.0
	Ports	4
	USB-C Device Port(s)	No
	USB-C Host Connection	Yes
Performance	Maximum Data Transfer Rate	5 Gbps
	Type and Rate	USB 3.0 - 5 Gbit/s
Connector(s)	Connector Type(s)	4 - USB Type-A (9 pin) USB 3.0 Female 1 - USB Type-C (24 pin) USB 3.0 Male
	OS Compatibility	OS Independent; No additional drivers or software required
Special Notes / Requirements	Note	USB 3.0 is also known as USB 3.1 Gen 1; this connectivity standard offers speeds up to 5Gbps.
	System and Cable Requirements	Available USB Type-C port - USB 3.0 (5Gbps)
Power	Power Source	USB-Powered
Environmental	Humidity	10~85% RH (Non-condensing)
	Operating Temperature	0°C to 45°C (32°F to 113°F)
	Storage Temperature	-10°C to 70°C (14°F to 158°F)
Physical Characteristics	Cable Length	146 mm [5.7 in]
	Color	Black
	Enclosure Type	Plastic
	Form Factor	Compact
	Product Height	15 mm [0.6 in]
	Product Length	80 mm [3.1 in]
	Product Weight	35 g [1.2 oz]
	Product Width	41 mm [1.6 in]
Packaging Information	Shipping (Package) Weight	103 g [3.6 oz]
What's in the Box	Included in Package	1 - 4-port USB 3.0 hub
