## MasterCase Maker 5 (MCZ-005M-KWN00)

The new wave of case technology pioneered by our MasterCase series crests with the unique FreeForm™ Modular System, which allows unparalleled flexibility to upgrade your case via the addition of top panels or doors, adjusting aesthetics, thermal performance and layout flexibility.

The MasterCase Maker 5 advances beyond the concept of a standard build by offering the option to completely swap and readjust the case's form and functionality with multiple interior and exterior outlooks, ample space and customized accessories.

### Product Features

- **Upgraded I/O** – Four USB ports, including 3.0 Type C, added buttons for LED strip and fan speed control
- **Magnetic paneling** - Front and top panels fit snugly with a magnetic grip
- **Sound suppression** - Optional padded front and top panels (with added plate) balance noise and airflow
- **Custom air cooling** – Support for up to six 140mm fans, with three in front and two on the top for top-down cooling
- **Clip-and-click** - Unique components panel for drive cage adjustment
- **Diverse 280mm liquid cooling** - Water bracket enables top cooling while shifting the bottom-mounted HDD cage allows for front installation
- **Dual chamber** - Partition panel isolates power supply and cables for clean management
- **Slip-and-clip SSDs** - Two pockets with four mounting positions – behind motherboard tray and on top of partition
