MASTERBOX MB510L

READY, SET, GAME.

FEATURES

Carbon Texture - Racing and motorsports act as an inspiration for the carbon texture design.

Performance Intake - Large intakes on each side of the front panel pay tribute to high performance cars.

Trim Color - Choose between red, white, or blue trim to compliment the intakes.

Support for a total of 6 fans & water cooling - Six 120mm fans and front and rear water cooling support ensure that you don't have to compromise on performance.

Graphics card support up to 400mm - You won't ever have to worry about the fit of your graphics card with support for even the largest, widest cards.

Edge to Edge Transparent Side Panel - Showcase your build through the transparent side panel.

Motorsports and supercars inspired the front panel of the MB510L. Luckily, the case doesn't share a supercar's price.

The aggressive ventilation on the front panel allows the system to breathe easy while the ventilation on the top panel adds additional thermal support.

Graphics cards might be getting larger and wider over time, but with 400mm of accommodating space, build worry-free with the MB510L.

The chassis and PSU shroud are powder-coated in black to help compliment your build while the edge-to-edge transparent side panel shows it off.

SPECIFICATIONS & PACKING INFORMATION

Product Number		MCB-B510L-KANN-S00(Red) MCB-B510L-KANN-S01(Black) MCB-B510L-KANN-S02(White) MCB-B510L-KANN-S03(Blue)	
Product Name		MasterBox MB510L	
Available Color		Red, Black, White, Blue <small>*availability may vary depending on region</small>
