SAVOR THE VIEW

The sleek and aggressive K500L is proof that your fix for the latest performance and looks doesn't need to come at a great price.

With a partial mesh front panel, 400mm of graphics card space, support for six 120mm fans, and front and rear water cooling support, there's nothing budget about the benchmarks you can reach.

And to keep everything clean and crispy, take advantage of generous cable routing clearance, full black coating, and a PSU cover.

FEATURES

Efficient thermal performance
A partial meshed front panel and ventilation holes on top of the case give your parts fresh air to breathe.

Lighting effects
Stand out and be unique. Your case will never be unremarkable.

Versatile cooling options
Support up to six 120mm fans, and front and rear liquid cooling.

Stay black, stay neat
Let your system stand out with a full black coating and PSU cover.

Graphics card support up to 400mm
Supports the latest, widest cards you can get.

Cable Management: The 19mm width space behind the mainboard tray gives you plenty of cable management options to keep your build nice and clean.
