

Make It Yours.

MasterCase Pro 6

Make of It What You Will

Here is the newest members of our MasterCase line: a clean, discreetly designed mid-tower PC case equipped with unique FreeForm™ Modular System technology. As with all MasterCases, the MasterCase Pro 6 offers unparalleled flexibility to upgrade via changing aesthetics, customizing thermal options, and handcrafting your internal layout.

The case's modular parts include top and front panels that can pop open for more airflow, or easily removed for quick access to your components. Utilize FreeForm™ to its full potential to accommodate large, high-end components, several fans and DIY liquid cooling. How you build it is up to you.

Features

FreeForm™ Modular System – Easily customize, adjust, and upgrade your case, inside and out.

Subtle and Sleek – Smooth, flush panels and a large side window will complement softer and more refined home, gaming and office setups.

Discreet Air Vents: Thin vents on four corners the of the case provide ventilation and a soft LED glow is integrated at the bottom of the front panel. Pop the top and front panels up slightly for even more cooling options.

Flush I/O – USB and audio ports are hidden by a cover that blends seamlessly with the top panel.

Clip-and-Click Panel – Our unique panel for drive cage adjustment comes straight from our FreeForm™ technology

Versatile Liquid Cooling – Water cooling bracket allows 297mm radiator space on top or shift the bottom HDD cage for front installation

Layout Freedom: Create an internal layout that follows your personality and preferences with a highly adjustable frame and easily removable parts

Dual Partition Chamber – a removable partition panel isolates the power supply and cables for clean management.

Slip-and-Clip SSDs - Two pockets with four mounting positions – behind the motherboard tray and on top of the partition.

Specifications & Packing Information

Product Number	Blue : MCY-C6P2-KW5N Red : MCY-C6P2-KW5N-01	
Product Name	MasterCase Pro 6	
Available Color	Dark metallic grey exterior with black interior	
Materials	Steel body, Plastic panels	
Dimensions (LxWxH)	544 x 235 x 548mm
