## **MasterPulse White Edition**

## Over-ear headset with exclusive Bass FX Technology

**Features** 

**Patented Bass FX technology -** Exclusive bass effect design lets you apply a responsive bass boost by simply putting on or taking off the side panels

**In-line remote control box** – Easily adjust volume and microphone settings

**Convenient mobility -** Hidden microphone and analog four pole headphone jack fits most mobile devices and an extra adaptor is included for PC use

**Extreme comfort -** Extra padded ear cups with suspension headband ensures both a high level of comfort and great noise cancelation

**Tangle-free flat cable -** For improved mobility

**Hidden Mic** – The headset's hidden microphone is optimized to pick your voice up clearly while picking up as little background noise as possible

On top of a full suite of advanced components, 2.0 channel audio and 44mm drivers, MasterPulse headset features Bass FX - removable magnetic side panels that allow you to customize your audio experience. Close the panels to increase the treble and passive noise isolation or remove them to open up sound and enhance bass tones.

The in-line remote control box allows for quick on-thefly adjustments while the padded ear cups and suspension headband ensure a comfortable fit.

The hidden uni-directional microphone is optimized to pick your voice up clearly, while leaving the rest of the noise behind. Control the beat at your fingertips with the MasterPulse Over-ear headset. Now also limited available in a **White Edition!**
