24x7 reliability

Watch your favorite shows whenever you want. Attach this AV-optimized drive to your recordable TV for hours of high-quality recording and smooth playback of shows, movies, sporting events and more.

MY BOOK AV-TV

TV Storage

Product Features

Enjoy hours of on-demand entertainment

Instantly add hundreds of hours of storage to your TV. With up to 2 TB of storage, you can record TV shows, sporting events, movies and more directly from your TV onto the My Book AV-TV drive for playback anytime.

AV-optimized for enhanced performance

My Book AV-TV is built with an AV-optimized drive with ATA-7 AV standard that offers faster recovery times and continuous streaming for smooth video and audio performance.

USB 3.0 compatibility for multi-stream recording and playback

Super-fast USB 3.0 enables multiple HD streaming for simultaneous recording and playback when connected to a dual-tuner TV. Record your favorite sitcom while watching the big game and never miss a moment of the action.

Unleash your recordable TV's potential

With a My Book AV-TV attached to your recordable TV, you can record, pause, rewind and fast-forward shows. Your entertainment plays by your rules, on your schedule.

24x7 reliability

Built with WD GreenPower Technology™, the drive inside is optimized for the demands of reading and writing video as well as the high temperatures often found in entertainment centers. And, with standby mode and low-power consumption it's easy on your electricity bill.

Designed to fit in your entertainment center

The small My Book form factor fits neatly in your entertainment center. It can lie horizontally or stand upright, making it effortless to position your drive near your recordable TV. No space near your TV? The long 2 meter USB cable allows for even more flexible drive positioning.
