

Mini DisplayPort to HDMI Adapter with USB Audio

StarTech ID: MDP2HDMIUSBA

The MDP2HDMIUSBA Mini DisplayPort with USB Audio to HDMI Adapter offers a cost-effective HDMI with audio to Mini DisplayPort link, letting you connect an HDMI-capable HDTV to a device with a Mini DisplayPort output, while saving the expense of upgrading the TV for compatibility.

Simply plug in the USB and Mini DisplayPort connectors to a PC or Mac® and the HDMI connector to an HDMI television/monitor. 2-channel analog audio will pass through to the HDMI connection, delivering sound to the display side, with the convenience of one HDMI cable.

MDP2HDMIUSBA is a passive adapter that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

Applications and Solutions

- Deliver audio/video content from your PC or Mac to your A/V devices (HDTV or receiver) for a larger and louder viewing.
- The Mini DisplayPort to HDMI adapter allows for an easy and hassle free connection to any HDMI HDTV or display from a PC or Mac.

- Use your DisplayPort and USB port for video and audio pass-through to one HDMI cable.

Features

- USB Audio pass-through to HDMI cable
- Supports HDTV resolutions up to 1080p
- Easy to use cable, no software required

Technical Specifications

- Warranty: Lifetime warranty
- Maximum Resolution: 1920x1200 / 1080p
- HDMI Audio: Analog / Two channel stereo audio
- System Requirement: DP++ port (DisplayPort ++) required on video card or video source. (DVI and HDMI pass-through must be supported).
- Color: Black
- Connector Types: 1 - HDMI Female
- Connector Types: 1 - Mini DisplayPort Male
- Connector Types: 1 - USB A Male
- Enclosure Type: Plastic
- LED Indicators: 1 - Red - Power
- Wide Screen Supported:: Yes
- Output Signal: HDMI
- Humidity: 0~80% RH
- Operating Temperature: 5°C to 35°C (41°F to 95°F)
- Storage Temperature: 0°C to 70°C (32°F to 158°F)
- Shipping (Package) Weight: 3.18 oz [90 g]
- Carton Quantity: 90
