Security	Acer eLock Management						
Dimensions	175 (W) x 423 (D) x 383.1 (H) mm (with bezel)						
BIOS	AMI PnP BIOS compatible with SMBIOS 2.6						
Power supply <sup>1</sup>	200/250/300 W						
System compliance	PC 2001						
Certification	CB, CCC, CE, FCC, MET						
Optional accessories	Acer USB or PS/2 keyboard and mouse			Acer Wireless LAN card		Acer LCD monitor	

1. Specifications vary depending on model.

2. 64-bit software is required to enjoy the advantages of 64-bit processing.

3. Optional.

4. Actual throughput may vary depending on network conditions and environmental factors such as network traffic or overhead, building construction and access point settings.

5. Bundled software may vary depending on hardware configuration, OS and regional availability.

6. Trial periods vary depending on the geographic region and specifications: 365-day trial for China, Taiwan, Hong Kong and Singapore (Simplified Chinese and Traditional Chinese OS models); 60-day trial for other regions.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
