And it's Skype™ certified, with an advanced noise-cancelling microphone and 24-bit Hi-Fi stereo HD sound for crystal clear audio and conversations.

100 words

Plantronics® .Audio™ 628 Stereo USB headset is ideal for online calls. Lightweight, easy to wear and remove, it has intuitive in-line volume, mute and call controls so you can answer and end Skype™ calls right from the headset. Digital Signal Processing technology works with the noise-cancelling microphone to stop echo, reduce noise, boost voice frequencies and deliver crystal clear conversations. That's why it's earned special Skype certification, assuring excellent voice quality. 24-bit Hi-Fi stereo HD sound pumping out of comfy foam ear pads make it a pleasure to use.

Short bullets

- Easy to wear, easy to use.
- Skype™ certified call clarity means clearer conversations.
- Answer and end Skype™ calls right from the headset.
- Noise-cancelling microphone reduces background noise, not your voice.
- Digital Signal Processing removes static and kills echo.
- Lightweight design and comfortable ear pads keep you listening for longer.
- Rich HD sound puts you there.

Long bullets

- Extremely lightweight and comfortable – quickly slip it on and take it off.
- Skype™ certified call clarity means clearer conversations.
- Answer and end Skype™ calls with easy-to-use in-line volume, mute and call controls.
- Digital Signal Processing kills echo and boosts voice signals to deliver dynamic sound quality.
- 24-bit Hi-Fi stereo sound is digitally equalized to give enhanced HD sound for Skype™ calls, listening to music or watching videos.
- Noise-cancelling microphone works with DSP technology to block low-frequency noise and provide crystal-clear conversations.
- Comfortable foam ear pads and lightweight materials ensure maximum comfort.
