Dual-port car charger with Lightning cable and USB 2.0 port – black

StarTech ID: USBLT2PCARB

Do you carpool to work and need to flip a coin to see who will get to charge their tablet on the way to the office? Do you need to charge your tablet and phone at the same time, so that they're both ready to use by the time you reach your destination?

Whatever your situation, this dual-port car charger offers a high-powered solution for charging two mobile devices simultaneously, while you're on the road.

Simultaneous charging

You can charge any Lightning™ mobile device, including your iPad® or iPhone®, using this convenient 2-in-1 adapter. Plus, since the cable is attached directly to the charger, it won't ever get lost in your vehicle, or be just out of reach while you're driving.

The integrated USB port gives you the option to charge an additional Apple® device, including a second iPad, at the same time, through either a Lightning cable or 30-pin Dock cable.

Don't have a second Apple device? You can also charge Micro USB or Mini USB-enabled mobile devices with this adapter, such as a smartphone, tablet, or GPS using a Mini/Micro USB cable.

High-powered charging

No matter what you choose to charge, you can always be sure you have the correct charge available for all your mobile devices.

Each charge port provides 2.1A of power to assure that you have enough power to charge everything from a phone to a tablet. Whether you're charging two tablets at the same time or charging a phone and a tablet, you can be sure all of your mobile devices are ready when you need them.

The durable USBLT2PCARB black dual-port car charger is backed by StarTech.com's 2-year warranty to ensure

dependable performance.

Applications

- Charge your Lightning mobile digital device using the integrated Lightning charge cable, while charging a second mobile device using the built-in USB 2.0 port

Features

- 1x 2.1A Lightning charge cable
- 1x 2.1A USB 2.0 port
- Compact design

Technical Specifications

Warranty	2 Years
