

# USB-4PCI-3.0

4-Port SuperSpeed™ USB3.0 PCIe Card

## High-density USB3.0 connectivity is now within your reach.

Looking to move up and take advantage of up to *ten times* the speed of your existing USB2.0 devices? Want to add SuperSpeed™ peripherals but don't have the necessary USB3.0 ports on your Computer?

Introducing the new Dynamode **USB-4PCI-3.0** which is the latest in high-performance, fully certified, SuperSpeed USB3.0 PCI Express Interface Cards allowing compatible USB3.0 devices to communicate at up to 5Gbps and using a new, high-density design, allows x4 USB3.0 ports to exist. Ideal for compact Desktops, Media Centre's and small-form factor Servers for example.

Using the latest **VIA™ VL800** USB3.0 chipset, the Dynamode USB-4PCI-3.0 SuperSpeed™ USB3.0 Ports are fully backward compatible with existing USB2.0 Devices and any USB2.0 cables you may have. For added performance, both 32 and 64-bit Operating Systems are also supported so you can get the best performance out of your USB3.0 or USB2.0 devices.

Now there's no easier and more cost-effective way in moving up to the fast lane of SuperSpeed™ USB3.0 connectivity!

Available now from Dynamode authorized distributors and resellers
