

## 19in Vented Adjustable Depth Sliding Server Rack Cabinet Shelf

StarTech ID: UNISLDSHF19

This Adjustable Depth Sliding Server Rack Shelf offers a simple way to install non rack mountable equipment into a server cabinet or open server rack.

The shelf features a highly ventilated, cold-rolled steel shelf on two locking adjustable rails which allow the shelf to be installed into a cabinet or rack with a minimum mounting depth of 20in (510mm) to a maximum depth of 38in (974mm). The locking feature locks the shelf 3/4 of the way out, preventing the shelf from accidentally falling out of the rack or sliding back in before maintenance is complete.

### Applications and Solutions

- Add a sliding rack mounting option for non rack mountable equipment

## Features

- Constructed from 16 gauge cold rolled steel
- Highly ventilated to reduce airflow impedance
- Includes Mounting screws and nuts
- Locking rails prevent the shelf from sliding all the way out
- Meets EIA RS-310-C standards
- Supports up to 22.7 kg (50 lb) of equipment

## Technical Specifications

- Warranty: Lifetime warranty
- External Height : 3.49 in [88.6 mm]
- Carton Quantity: 1
- Color: Black
- Weight Capacity: 50.17 lb [22.7 kg]
- Frame Type: : Steel
- External Width : 18.9 in [480 mm]
- External Depth : 24.02 in [610 mm]
- Maximum Mounting Depth:: 29.29 in [744 mm]
- Minimum Mounting Depth:: 20.08 in [510 mm]
- U Height: 2
- Industry Standards: EIA RS310-C
- Product Weight: 9.06 lb [4.1 kg]
- Shipping (Package) Weight: 296.52 oz [8400 g]
