

MiniStation™ Extreme

USB 3.0 Portable HDD

BUFFALO™

HD-PZFU3

The perfect solution for those who often travel with PCs and portable HDDs

BUFFALO's MiniStation™ Extreme offers high performance USB 3.0 portable storage in a compact and sophisticated design. The internal hard drive is encased in a highly shock-resistant body with rubberised elements to protect it from accidental bumps.

The ingenious arrangement of shock protection features meets the U.S. Military Standard MIL-STD-810G, METHOD 516.6, Procedure IV and has passed free-fall drop tests with drops up to 2.3 meters*.

Moreover, the USB cable is integrated with the case so you will not be frustrated searching for a cable anymore!

The USB 3.0 interface moves data at rates of up to 5Gbps**. This vastly reduces the time needed for data transmission, making it ideal for transferring and sharing videos, large digital photo collections, music files, and other data-intensive digital content. MiniStation Extreme is available with 1TB or 2TB capacities. Both capacities are available in black; 1TB capacity is also available in red or silver.

Features and Benefits

- **Highly shock-resistant body:** U.S. military-grade shock protection helps protect the hard drive from damage, passing 2.3-meter free-fall drop test*
- **Water-resistant:** Complies with standard IPX3, spraying water from any angle up to 60° from the vertical shall have no harmful effect
- **Dust-resistant:** Complies with Standard IP5X, dust will not interfere with the satisfactory operation
- **Easy Cable Management:** Integrated USB cable snaps to chassis for pack-and-go-portability
- **Hardware Disk Encryption:** 256-bit AES Full Disk Encryption (FDE) protects your data from unauthorised access
- **SuperSpeed USB 3.0:** The USB 3.0 interface moves data at rates of up to 5 gigabytes per second*, ideal for video and other data intensive digital content
- **Time Machine™ Support:** For continuous back-up of your Mac computers
- **2-Year Warranty**

MiniStation™ Extreme

USB 3.0 Portable HDD

BUFFALO™

HD-PZFU3

Specifications

Internal Hard Drives	
HDD interface	SATA
Capacities	1TB, 2TB
Number of drives	1
Interface	
Standard Compliance	USB 3.0
Connector Type	Micro-B
Number of Ports	1
Data transfer rate (brutto)	5Gbps
Other	
Client OS Support	Windows 8.1, Windows RT 8.1***, Windows 8, Windows RT***, Windows 7, Windows Vista, OS X 10.8 or later***
Dimensions (WxDxH)	90 x 141 x 21 mm
Weight	277g
Operating environment	5–35°C, 20–80% (Non-Condensing)
Power supply	USB powered

Product codes

Black

HD-PZF1.0U3B-EU (1TB)

HD-PZF2.0U3B-EU (2TB)

Red

HD-PZF1.0U3R-EU (1TB)

Silver

HD-PZF1.0U3S-EU (1TB)

* Test conducted on an industrial carpet in non-operating mode. MiniStation™ offers extra shock protection as compared to conventional hard drives; however, it does not guarantee prevention from damage to the cases, the internal hard drives, or the data in all environments or circumstances. Please do not drop hard drive intentionally. BUFFALO does not offer any additional warranty coverage for dropped drives.

** 5Gbps is the maximum interface rate derived from the specifications of the UniversalSerial Bus 3.0 and the ExpressCard. Actual transfer rate will vary depending upon environmental factors. Data rate, features and performance may vary based on the configuration of your system and other factors.

*** Only basic external hard drive functionality is supported with this operating system; some included utilities may not work.

About Buffalo

Buffalo Technology is a leading global provider of award-winning storage, networking and multimedia solutions for the home and small business environments as well as for system builders and integrators. With more than three decades of networking and computer peripheral experience, Buffalo has proven its commitment to delivering innovative solutions that have put the company at the forefront of infrastructure technology.
