

DisplayPort to HDMI Video Adapter Converter - M/F

StarTech ID: DP2HDMIADAP

The DP2HDMIADAP DisplayPort to HDMI Adapter provides a DisplayPort male and HDMI female connector, allowing you to keep your existing (HDMI) display while using a DisplayPort video card/source.

Supporting display resolutions of up to 1920 x 1200(computer)/1080p(HDTV), this cost-effective solution maintains the incredible graphical performance offered by DisplayPort, while eliminating the cost of having to upgrade your HDMI capable display to a display with built-in DisplayPort support.

DP2HDMIADAP is a passive adapter cable that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

Backed by a StarTech.com 1 year warranty and free lifetime technical support.
