

1 Port USB Wireless N Network Print Server with 10/100 Mbps Ethernet Port - 802.11 b/g/n

StarTech ID: PM1115UWGB

The PM1115UWGB Wireless-N Print Server lets you share a standard USB printer with multiple users simultaneously over a WiFi network, or a wired LAN connection.

This compact wireless print server supports 802.11b/g/n wireless standards for functionality with almost any wireless network, plus, serving as a primary or backup interface the print server also offers an RJ45 port for 10/100 Mbps wired connections. Providing wireless network printing access enables you to place your printer in any location with network access and avoids the added cost of purchasing individual printers for each workstation or area.

This wireless USB print server can have you up and running in minutes, using either a web-based interface or a Windows® based installation wizard, and also features a WiFi Protected Setup (WPS) button for quick and easy connection to your wireless network. Compatibility with USB 2.0 standards and a wide variety of USB printers and operating systems makes this network print server perfect for installation into mixed environments, with Simple Network Management Protocol (SNMP) support for remote monitoring.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Convert a standard USB printer into a standalone, wireless printer and share between multiple networked computers
- A convenient network printing solution for education and government institutions
- Eliminate the performance issues of an always-on, dedicated PC acting as the printer server

Features

- Compliant with 802.11b/g/n wireless networks, with data rates up to 150 Mbps
- USB 2.0 support
- Optional 10/100 Mbps RJ-45 LAN Port
- Compact, lightweight design with an internal antenna
- Supports SNMP for remote printer management - works with most SNMP based applications
- Easy-to-use web interface or Windows-based configuration and setup
- Built-in multi-function button for resetting the device, loading factory defaults or printing a self-test page
- Built-in WPS (WiFi Protected Setup) button for simple connection to a wireless network
- Supports DHCP Server/Client protocols, and UPnP

Technical Specifications

Warranty	2 Years
Ports	1
Interface	USB 2.0
Interface	RJ45 (10/100 Ethernet)
Interface	Wireless Ethernet
Industry Standards	IEEE 802.3 10BASE-T, IEEE 802.3u 100BASE-T, IEEE 802.11b/g/n Wireless
Connector Type(s)	1 - USB A (4 pin) Female
Connector Type(s)	1 - RJ-45 Female
Connector Type(s)	1 - Wireless N (IEEE 802.11n)
Compatible Networks	10/100 Mbps
Frequency	2.4 GHz
Security Features	WEP Data Encryption
Security Features	WPA Data Encryption
Supported Protocols	TCP/IP (LDP / LPR Printer Port)
Supported Protocols	IPX
Supported Protocols	NetBEUI
Supported Protocols	AppleTalk
Supported Protocols	SNMP
Supported Protocols	SMB over IP
OS Compatibility	Windows® 8 / 8.1 (32/64bit), 7 (32/64), Vista (32/64), XP (32/64) Windows Server® 2012, 2008 R2, 2003 (32/64) Mac OS 10.x, 9.x Linux 2.4.x / 2.6.x / 3.x (Tested up to 3.5)
System and Cable Requirements	USB printer cable not included
Color	White
Enclosure Type	Plastic
Product Length	72 mm [2.8 in]
Product Width	58 mm [2.3 in]
Product Height	25 mm [1 in]
Product Weight	65 g [2.3 oz]
LED Indicators	1 - Status
LED Indicators	1 - USB
LED Indicators	1 - WLAN
Input Voltage	100 ~ 240 AC
Input Current	500 mA
Output Voltage	5 DC
Output Current	2 A
Center Tip Polarity	Positive
Plug Type	C

Operating Temperature	0°C to 50°C (32°F to 122°F)
Storage Temperature	-5°C to 65°C (23°F to 149°F)
Humidity	0~70% RH (Non-Condensing)
Shipping (Package) Weight	362 g [12.8 oz]
Included in Package	1 - Wireless Print Server
Included in Package	1 - Power Adapter
Included in Package	1 - Software CD
Included in Package	1 - Quick Install Guide
