Dual Interface microSD Reader

Kingston's MobileLite Duo 3C is a microSD card reader that works well with the latest devices that have limited USB Type-C ports, as well as notebooks that use USB Type-A. This versatile device has a small metallic form factor so it easily fits in a pocket, handbag or backpack and is ideal for personal or professional use. Offload files and photos quicker using the USB Type-C port which supports up to 10mb/s transfer speeds¹ and has a universal connector that plugs in easily. This versatile device reads microSD/SDHC/SDXC, UHS-I and supports the latest card speeds.

MobileLite Duo 3C is compliant with the USB 3.1 Gen 1¹ (USB 3.0) specification and delivers incredible performance to save time when transferring videos, photos and other large file sizes. It is backwards compatible with USB 2.0 ports to allow users to migrate to USB 3.0 in the future, using one card reader. MobileLite Duo 3C is backed by a two-year warranty, free technical support and legendary Kingston® reliability.

-
- › Compact, lightweight microSD card reader
 - › Dual interface accommodates USB Type-A and USB Type-C ports
 - › Metal casing provides rugged portability
 - › For devices with limited expansion ports
