

WD Caviar[®] Blue[™] SATA/PATA Hard Drives

**Rock solid
performance
always gives
you confidence**

Solid performance
Ultra-cool and quiet
Capacities up to 1 TB

WD Caviar Blue hard drives are available with either a SATA or PATA interface and offer a variety of cache sizes. These drives deliver rock solid performance and ultra-cool and quiet operation. They are perfect for family and business computing.

PUT YOUR LIFE ON IT[®]

WD Caviar Blue

SATA/PATA Hard Drives

Product Features

Solid performance

With SATA and PATA interfaces, and cache sizes up to 32 MB, this series of drives offers a full range of performance features.

Ultra-cool and quiet

Keeping the drive cool enhances reliability. WD continues to develop new and innovative ways to keep drives cool while they are operating which helps protect the drive and the data stored on it.

Capacity

WD Caviar Blue drives are available in capacities from 80 GB to 1 TB because you can never have too much storage space.

NoTouch™ ramp load technology

The recording head never touches the disk media ensuring significantly less wear to the recording head and media as well as better drive protection in transit.

IntelliSeek™

Calculates optimum seek speeds to lower power consumption, noise and vibration.

ShockGuard™

Instantaneously protects the hard drive against damage from bumps and vibrations while it is running. This technology enables WD Caviar drives to achieve industry-leading shock specifications.

Product Specifications

INTERFACE

SATA 6 Gb/s
SATA 3 Gb/s
PATA 100 MB/s

As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.
