

# HP Z23n G2 58.42 cm (23") Display

## Color consistency and performance for the project perfectionist

Be a productive powerhouse with the sleek HP Z23n G2 58.42 cm (23") Display. This virtually seamless Full HD display is factory-tested for reliability and longevity with integrated color calibration, uninterrupted multi-screen<sup>1</sup> tiling, and expansive device connections.

### Streamline productivity with screens for every project

- Multi-task without disruptions across multiple displays<sup>1</sup> with a 3-sided micro-edge bezel on each screen. Get stunning visuals from the 1920 x 1080 resolution<sup>2</sup>, 16:9 aspect ratio, 58.42 cm (23") diagonal IPS screen and over 2 million pixels.

### Out-of-this-world color right out of the box

- Consistent, accurate color between displays and from project to project is easier than ever with factory color calibration from the very first time you power on.

### Quality from the start

- We rigorously test each HP Z Display to help ensure it's a reliable, long-life visual solution, and back it up with the HP Zero Bright Dot Guarantee<sup>3</sup>, HP's most stringent pixel policy, which replaces the screen if even one bright sub-pixel fails.<sup>4</sup>

### Big ideas for small spaces

- Make the most of your available workspace by mounting powerful machines like the HP Z2 Mini Workstation<sup>5</sup> directly behind the display for a compact, efficient, single-footprint solution.

### Featuring

- Connect easily with ports that include a two-port USB 3.0 hub and VGA, HDMI, and DisplayPort™ connections tested for use with legacy, current, and future HP Workstations.
- Work comfortably with adjustable tilt, height, and swivel settings. Use pivot rotation to conveniently customize portrait or landscape views on multiple displays.
- Design the screen for how you work with HP Display Assistant software, which enables screen partitioning and helps deter theft by dimming a display that's disconnected without approval.
- Reduce power consumption and help lower costs with an intelligent, energy-efficient, low-halogen display that is ENERGY STAR® certified, TCO qualified, and EPEAT® Gold registered with mercury-free display backlights and arsenic-free display glass.
- Build a complete solution with optional HP accessories designed and tested to work with your display.
- Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection, select an optional HP Care service.

# HP Z23n G2 58.42 cm (23") Display Specifications Table

<b>Product Number</b>	1J506A4;
<b>Product Color</b>	Black
<b>Display size (diagonal)</b>	58.42 cm (23")
<b>Display Type</b>	IPS w/LED backlight
<b>Panel Active Area</b>	50.91 x 28.64 cm;
<b>Viewing Angle</b>	178° horizontal; 178° vertical
<b>Brightness</b>	250 cd/m <sup>2</sup>
<b>Contrast Ratio</b>	1000:1 static; 10000000:1 dynamic <sup>1</sup>
<b>Response Ratio</b>	5 ms gray to gray <sup>1,3</sup>
<b>Aspect Ratio</b>	16:9
<b>Native Resolution</b>	FHD (1920 x 1080 @ 60 Hz)
