The MasterAir MA610P is directly descended from the MasterAir Maker 8. It is designed for gamers and overclockers who demand ultra-low temperatures, aggressive RGB lighting, and total control over their air cooling.
The Continuous Direct Contact 2.0 Technology increases the surface area of the copper base by 45% while a total of 6 heatpipes efficiently conducts heat away from the CPU. The push and pull configuration of dual MasterFan MF120R RGB allows high-pressure cooling at low dBA. With the Wired RGB controller, this cooler is ready for more than 16.7 million colors and effects combinations. The MasterAir MA610P is the ultimate air cooler for those who want to maximize their PC cooling performance without the use of liquid cooling.

Features

CDC 2.0 – Excellent heat dissipation with 6 heatpipes and Continuous Direct Contact 2.0 technology.

Dual MasterFan RGB – Push and pull dual MasterFan MF120R RGB fans to maximize CPU cooling with plenty of color while doing it.

Unique Top Cover Design - Creative RGB LED logo design with additional light strips on the top cover for aesthetic customization.

Wired RGB Controller – The Controller allows customizable colors and effects for the fans and top cover with just the touch of a button.

EAN code	4719512063408
UPC code	884102036088
Net weight (Kg)	1.12
Gross weight (Kg)	1.36
Carton dimension (L x W x H)	16.3x13.8x23.4

Specifications & Packing Information

Product Name	MasterAir MA610P
Product Number	MAP-T6PN-218PC-R1
CPU socket*	Intel® LGA 2066/2011-v3 / 2011 / 1151 / 1150 / 1155 / 1156 / 1366 /775
	AMD AM4 / AM3+ / AM3 / AM2+ /AM2 / FM2+ / FM2 / FM1
Dimensions	122.3 x 112.8 x 166.5 mm (4.8 x 4.4 x 6.5")
Heat Sink Dimensions	116 x 60 x 158 mm (4.5 x 2.4 x 6.2 ")
Heat Sink Material	6 Heat pipes / Direct Contact / Aluminum Fins
Heat Sink weight	616g（1.35 lb.)
Heat Pipe Dimensions	Φ6mm
Fan Dimensions	120 x 120 x 25 mm (4.7 x 4.7 x 1 ")
Fan Speed	600-1,800 RPM (PWM) ± 10%
Fan Air Flow	53.38 CFM ±10%
Fan Air Pressure	1.65mm H_2O ± 10%
Fan MTTF	40,000 hours
LED color	RGB ready
Fan Noise Level	35 dBA (Max)
Fan Connector	4-Pin
Fan Rated Voltage	12 VDC
Fan Rated Current	0.30A
Fan Safety Current	0.37A
Fan Power Consumption	4.44 W
Warranty	2 years

Key Features

● Dual push-pull MasterFan RGB **Certified compatible** with top RGB capable motherboards

● Comes with the **Wire RGB Controller C10L**

- Mode Switch Button – Easily switch between six lighting modes with the touch of a button.
- Color Switch Button – Switch between seven different colors across all connected devices instantly.
- Brightness Button – Adjust your LED lights between five different brightness levels
- No Software Required

● **Continuous Direct Contact 2.0 (CDC 2.0)** technology increases the surface area of the copper base by 45% while a total of 6 heatpipes efficiently conducts heat away from the CPU

● Aesthetic top cover design
